

Smoke Machines

Unifire smoke machines are built to meet the tough requirements found in the fire service and entertainment industries. These smoke generators produce more smoke and provide you with more control than any other smoke machine on the market. They feature variable output controls with 24-hour continuous run time, reliable high output and overheat thermal protection. Each smoke machine comes standard with a corded remote control, wireless remotes available for some models, with an additional cost. Unifire smoke machines use water based smoke fluid in order to provide a safe environment for people.

UF-Z800

SPECIFICATIONS

Motor: AC 120V / 60Hz.
Heater: 800 Watt
Output: 3,000 CFM
Dry Weight: 6 lbs.
Remote: UF-Z10 Remote - 32'
Tank Capacity: 0.8 liters
Dimensions: 12.5" X 5" X 6.5"

UF-Z1000

SPECIFICATIONS

Motor: AC 120V / 60Hz.
Heater: 1000 Watt
Output: 8,000 CFM
Dry Weight: 15 lbs.
Remote: UF-Z4
Tank Capacity: 1.7 liters
Dimensions: 17" X 8.63" X 8.25"

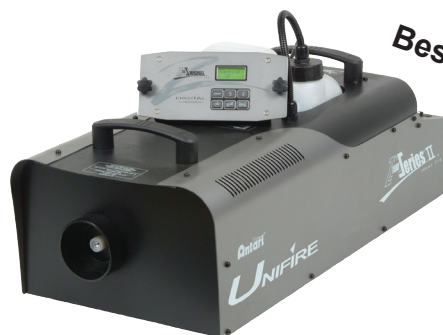

UF-Z1200

SPECIFICATIONS

Motor: AC 120V / 60Hz.
Heater: 1250 Watt
Output: 18,000 CFM
Dry Weight: 15.43 lbs.
Remote: UF-Z8
Tank Capacity: 2.5 liters
Dimensions: 17.32" X 9.84" X 7"

UF-Z1500

Best Seller!

SPECIFICATIONS

Motor: AC 120V / 60Hz.
Heater: 1500 Watt
Output: 20,000 CFM
Dry Weight: 30.86 lbs.
Remote: UF-Z20
Tank Capacity: 6 liters
Dimensions: 27.1" X 11.22" X 7.41"

SMOKE MACHINE ACCESSORIES

Item No.:	Description
HD-PRO1	1 Gallon of HD Pro Fog Fluid
HD-PRO2.5	2.5 Gallons of HD Pro Fog Fluid
HD-PRO5	5 Gallons of HD Pro Fog Fluid
UV-55	55 Galons of HD Pro Fog Fluid
F-SM	Smoke machine Filter

Specially formulated smoke fluid that outperforms other fluids 3 to 1.

This special safe formula is non-asthmatic, hypoallergenic, and biodegradable, yet hangs in the air longer allowing for less fluid consumption.
